SERVING EDUCATIONAL EQUITY

A Five-Course Framework for Accelerated Learning

**Sonya Murray-Darden,
Gwendolyn Y. Turner**

Serving Educational Equity presents a five-phase framework designed to help practitioners reimagine education for all students using an accelerated learning approach instead of traditional remediation. Murray and Turner's framework promotes bold and different thinking about unfinished learning, equity, and student success.

MODIFYING YOUR THINKING CLASSROOM FOR DIFFERENT SETTINGS

A Supplement to Building Thinking Classrooms in Mathematics

Peter Liljedahl

In Peter Liljedahl's bestselling **Building Thinking Classrooms in Mathematics: 14 Teaching Practices for Enhancing Learning**, readers discovered that thinking is a precursor to learning. Translating 15 years of research, the anchor book introduced 14 practices that have the most potential to increase student thinking in the classroom and can work for any teacher in any setting. This follow-up supplement walks teachers through how to adapt the 14 practices for 12 distinct settings, some of which came about as a result of the COVID-19 pandemic.

PRODUCTIVE MATH STRUGGLE

A 6-Point Action Plan for Fostering Perseverance

John J. SanGiovanni, Susan K. Katt, Kevin J. Dykema

A teacher's job is not to remove struggle, but rather to value and harness it, helping students develop good habits of productive struggle. But what's missing for many educators is an action plan for how to achieve this, especially when it comes to math. This book guides teachers through six specific actions—including valuing, fostering, building, planning, supporting, and reflecting on struggle—to embrace productive struggle and create a plan for overcoming obstacles.

STREET DATA

A Next-Generation Model for Equity, Pedagogy, and School Transformation

Shane K. Safir, Jamila Dugan

Street data reminds us that what is measurable is not the same as what is valuable and that data can be humanizing, liberatory and healing. By breaking down street data fundamentals: what it is, how to gather it, and how it can complement other forms of data to guide a school or district's equity journey, Safir and Dugan offer an actionable framework for school transformation.

THE SUCCESS CRITERIA PLAYBOOK

A Hands-On Guide to Making Learning Visible and Measurable

John Taylor Almarode, Douglas Fisher, Kateri Thunder, Nancy Frey

The **Success Criteria Playbook** catapults teachers beyond learning intentions to define clearly what success looks like for every student—whether face-to-face or in a remote learning environment. Designed to be used collaboratively in grade-level, subject area teams—or even on your own—the step-by-step playbook expands teacher understanding of how success criteria can be utilized to maximize student learning and better engage learners in monitoring and evaluating their own progress. Each module is designed to support the creation and immediate implementation of high-quality, high impact success criteria.
